

# bauma 2010

19-25 APRIL, MUNICH

29TH INTERNATIONAL  
TRADE FAIR FOR  
CONSTRUCTION MACHINERY,  
BUILDING MATERIAL  
MACHINES, MINING MACHINES,  
CONSTRUCTION VEHICLES  
AND CONSTRUCTION EQUIPMENT

**The leading  
international  
event.**

**A must for the  
industry.**

The New Munich Trade Fair Centre welcomes you to the 29th bauma, the International Trade Fair for Construction Machinery, Building Material Machines, Mining Machines, Construction Vehicles and Construction Equipment. The world's largest trade fair for this industry—and the largest trade fair in the world with regard to exhibition space—is expected to post some outstanding numbers again in 2010.

Exhibitor interest in bauma is as strong as ever. The fair's exceptionally international character and constant increases in the amount of exhibition space speak for themselves. As always, bauma also has more to offer its visitors in 2010. The total amount of exhibition space will increase to 555,000 m<sup>2</sup> (5,973,965 ft<sup>2</sup>), and new temporary halls are being set up.

Take advantage of this leading international event and profit in a variety of ways when you visit bauma, the world's leading international trade fair for this sector.

+++ **bauma 2010** +++

**Convincing  
growth.  
Impressive  
magnitude.**

# Famous for premieres. Setting market trends.

Innovations and premieres, technology leaders and key players, international in character and the widest range of products and services that the construction, construction-machinery and mining industry have to offer—bauma is famous for it, and that is what visitors from around the world are looking for.

As the industry's largest and most important exhibition, bauma is both a driving force behind innovations and an investment platform. One could even say that the industry's innovative rhythm is determined by bauma's 3-year cycle. All key exhibitors want to introduce you to their latest developments. This is where they go to set the course for the next few years.

For a complete market overview, bauma offers the most comprehensive range of products and services from and in all sectors of the construction-machinery industry.

# Comprehensive range of exhibits at a glance

## **1 All Around Construction Sites**

- 1.1 Construction vehicles
- 1.2 Construction machines
- 1.3 Lifting appliances and conveyors
- 1.4 Construction equipment, tools and special systems
- 1.5 Handling and processing concrete and mortar at construction sites
- 1.6 Formwork and scaffoldings
- 1.7 Site installations

## **2 Mining, Extraction and Processing of Raw Materials**

- 2.1 Machines for extraction of raw materials and for mining
- 2.2 Handling of raw materials
- 2.3 Mineral processing (incl. coke oven equipment)

## **3 Production of Building Materials**

- 3.1 Manufacture of cement, lime and gypsum compounds for building materials
- 3.2 Machines and systems for producing concrete, concrete products and pre-fabricated components

## 3.3 Machines and plants

for producing asphalt

## 3.4 Machines and plants

for producing pre-mixed dry mortar, plaster, screed and building supply store products

## 3.5 Machines and plants for

producing lime sandstone and building products using power plant residue (fly ash, slag, etc.)

## 3.6 Machines and systems for

producing gypsum and gypsum plasterboard

## 3.7 Building material handling

and packaging (in a plant)

## **4 Component and Service Suppliers**

### 4.1 Transmission engineering, fluid technology and power generation units

### 4.2 Accessories and wear parts

### 4.3 Services

### 4.4 Test, measurement and process control engineering

### 4.5 Communication and navigation

### 4.6 Job safety

# Unique the world over. First-rate range of exhibits.

 Forum
 Exhibition Services
 Joint Presentation "Research Live"

Compaction equipment for earth-works and road-building, machinery for the construction of galleries and tunnels, construction vehicles and lifting equipment
 MINING with bauma Forum
 Open-air area

Drive systems, fluid engineering, equipment and replacement parts for construction machinery and construction vehicles, construction pumps

# Construction boom in Indian region. Partner Country 2010.

India will present itself at bauma as one of the most rapidly growing regions in the world. The rapid pace of development there is particularly important for the construction-machinery market because India is investing so much in large construction projects and its infrastructure. The numbers are impressive: expenditures for 2010 alone are expected to exceed 140 billion euros\*. bauma is your chance to profit from potential contacts in this extremely interesting market.

\*Source: VDMA – German Engineering Association, Construction Equipment and Building Material Machinery Association, 2009

The successful Partner Country programme will be part of bauma for the fourth time in 2010. The main objective of this initiative is to bring exhibitors and customers from international growth markets to Munich and to strengthen our international network with these regions.

bauma is expecting several delegations and first-rate exhibitors and visitors from India who will use the world's largest trade fair as a platform for developing new business contacts.

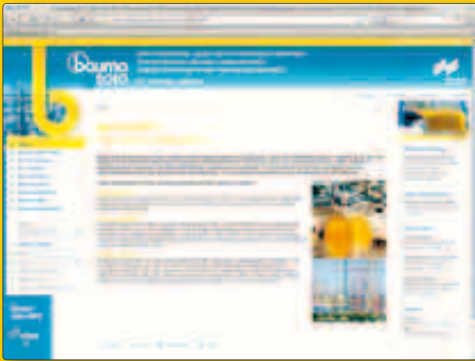

Detailed information about the organisers' objectives and exhibitors' expectations is available at **[www.bauma.de/partnercountry](http://www.bauma.de/partnercountry)**

# Convincing, outstanding range of services

## The website

bauma has an extensive online presence at [www.bauma.de/english](http://www.bauma.de/english). Visitors who go there will find all the important facts about the fair, related events, online registration and Print@home Tickets as well as information regarding room reservations, evening activities, recreational events, restaurant recommendations and much more.

## **bauma Forum:**

### **Expert knowledge for everyone**

The bauma Forum is held in the Mining sector in Hall C2. It is a platform for expert discussions, an intense exchange of information and ideas and a valuable gathering where visitors can receive information about mining directly from the source. It is integrated into the heart of the exhibition and covers a convincing selection of topical issues.

## **bauma Newsletter**

We use our e-mail news to inform you about the latest news and developments surrounding bauma 2010 on a regular basis prior to the fair. Take advantage of these news updates to help you plan for the fair. You can subscribe to the bauma Newsletter, which is free of charge, at our homepage.

**[www.bauma.de/newsletter\\_en](http://www.bauma.de/newsletter_en)**

# More convenient than ever. The new Print@home Ticket.

Our new Print@home Ticket makes your visit to the fair more convenient than ever. You save time because you register in advance, print out your ticket and then use it as an admission ticket. Then you enter bauma 2010 without having to wait at the box office.

The new Print@home Ticket is available for 1-day, 3-day and 7-day tickets and is up to 15% less expensive compared to purchasing your ticket at the fair. So it saves you money, too.

## Admission prices:

	Registration online	at the fair
1-day ticket	<b>EUR 20</b>	EUR 24
3-day ticket	<b>EUR 43</b>	EUR 49
7-day ticket	<b>EUR 54</b>	EUR 62

+++ bauma 2010 +++

## Tickets

### And it is so easy:

1. Go to [www.bauma.de/tickets\\_en](http://www.bauma.de/tickets_en)
2. Complete the online form.
3. Once registration is complete, your personal Print@home Ticket will be posted online for you so that you can print it out yourself.
4. Please bring your printed Print@home Ticket to the fair. It is your admission ticket.

# Quick and easy to reach. From around the world.

The New Munich Trade Fair Centre can be reached using public transport, the airport shuttle or by car. Visitors who are in possession of a Print@home Ticket, an admission voucher or an admission ticket can use it to travel to and from the trade-fair centre free of charge. This offer applies to all services provided by the Munich Transport and Tariff Association (MVV) including underground, suburban-train, streetcar and bus service. Please use public transport whenever possible.

## Getting there with public transport

**Underground:** The U2 departs for the trade-fair centre from Munich's central train station every 3 to 5 minutes. The trip takes 20 minutes.

## From the Munich airport to the fair

**Airport shuttle:** The shuttle bus provides non-stop service from Munich's international airport (Terminal 1 and Terminal 2) to the New Munich Trade Fair Centre (North Entrance) for EUR 7.50 (one way) or EUR 12.50 (round trip). It departs every 30 minutes during the fair.

**Airport suburban trains:** Take the S1 to Feldmoching, and from there take the U2 to the trade-fair centre (Messegelände). Then take the S8 to "Ostbahnhof," the U5 to "Innsbrucker Ring" and, from there, the U2 to the trade-fair centre.

**Taxi:** If you prefer to take a taxi to the fair, the flat-rate fare from the airport to the trade-fair centre is EUR 51.

## Driving to the fair

A large-scale event like bauma always leads to lots of traffic in and around Munich. Avoid the bottlenecks and the stress and take advantage of remote parking when you drive to the fair. You will also be more relaxed when you arrive at bauma 2010.

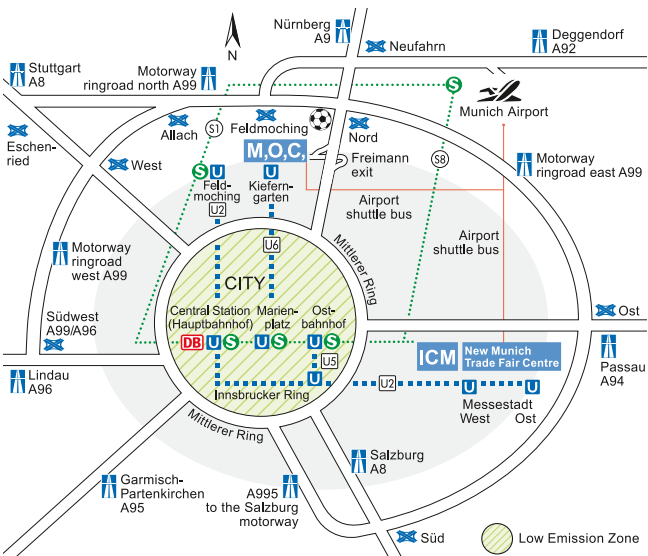

### Tip! Free remote parking

Take advantage of our free remote parking areas.

From there you can use your Print@home Ticket, admission voucher or admission ticket to take the shuttle bus or underground to the trade-fair centre free of charge.

Signs and an electronic traffic-guidance system along the A99 and A94 motorways and in the city of Munich will guide you to the New Munich Trade Fair Centre and to our free parking areas. **Please only follow these directions, and not your vehicle's navigation system.**

# Popular the world over. Known as a leading exhibition venue.

Besides having the largest concentration of high-technology companies in Germany, Munich also enjoys a special reputation as the “Cosmopolitan City with Heart” both in Europe and around the world.

People who attend and exhibit at trade fairs in Munich appreciate its diverse range of possibilities and enjoy coming to Munich time and again, which makes it the perfect venue for a leading international trade fair like bauma.

As a result, bauma 2010 will feature the perfect combination of technical expertise, cordiality and heart-felt tradition. Enjoy exclusive culinary quality with your business partners and look forward to world-class cultural attractions and unique surroundings that make every excursion an adventure.
