Optimisation of logistic processes

The automatic depalletising of packages of the same size, e.g. cardboard boxes, crates, outer packaging or containers, optimises logistic processes by dynamic feeding.

The 3D sensor detects displaced loads and compensates for incorrect positioning with the depalletising system. Position indication allows fully automated depalletising of complete layers or individual packages, independent of the palletising pattern. Besides the data for robot control, the Ethernet process interface provides information for the material and warehouse management software.

Automated depalletising systems provide a clear increase in performance by means of economic tools and reduce the employees' load due to ergonomically optimised working environments.

Technical data depalletising systems		
Operating distance	[m]	0.5...6
Object types		Closed rectangular objects
Min. object size	[mm]	50 x 50 x 50 (at minimum operating distance)
Typical accuracy Object position	[mm]	± 15
Typical accuracy for angle of rotation	[°]	± 3
Sampling rate / switching frequency	[Hz]	1

Further technical data		
Operating voltage	[V DC]	20.4...28.8
Current consumption	[mA]	< 2400 peak current pulsed; typ. mean value 420
Current rating (per switching output)	[mA]	100
Short-circuit protection, pulsed		•
Overload protection		•
Ambient temperature	[°C]	-10...50
Real chip resolution		25,000 / 100,000
Resulting resolution		176 x 132 pixels
Function display	LED	2 x yellow, 2 x green
Illumination		850 nm, infrared
Immunity to extraneous light	[klx]	8 (up to 100 klx possible with reduced measuring accuracy and repeatability)
Trigger		external; 24 V PNP/NPN according to IEC 61131-2 type 3
Switching inputs		2 (configurable), 24 V PNP/NPN according to IEC 61131-2 type 3
Switching outputs digital		3 (configurable), 24 V PNP/NPN, according to IEC 61131-2
Switching outputs analogue		1 (can be configured as current output 4...20 mA or voltage output 0...10 V)
Parameter setting interface Ethernet		10 Base-T / 100 Base-TX
Possible parameter settings		via PC / notebook
Dimensions (H, W, D)	[mm]	72 x 67.1 x 95
