Service Request Type: BPV-Fitting Registration
Service Request No.: 2079952
Your Reference No.:
Registered to: IFM PROVER GMBH

Dear KARL KLINGER,

Technical Standards and Safety Authority (TSSA) is pleased to inform you that your submission has been reviewed and registered as follows:

CRN No.: 0F20267.5
Main Design No.: SCOPE OF REGISTRATION - IFM SENSORS
Expiry Date: 18-Apr-2028

Please be advised that a valid quality control system must be maintained for the fitting registration to remain valid until the expiry date.

The stamped copy of the approved registration and the invoice are mailed separately. Should you have any questions or require further assistance, please contact a Customer Service Advisor at 1.877.682.TSSA (8772) or e-mail customerservices@tssa.org. We will be happy to assist you. When contacting TSSA regarding this file, please refer to the Service Request number provided above

Yours truly,

Liliana Constantinescu

(Fax No.)

☐ do solemnly declare that the fittings listed hereunder, which are subject to the **Technical Standards and Safety Act**, Boilers and Pressure Vessels Regulation, comply with all of the requirements of

(Title of recognized North American Standard)

which specifies the dimensions, materials of construction, pressure/temperature ratings, identification marking the fittings and service;

☒ or are not covered by the provisions of a recognized North American standard and are therefore manufactured to comply with ASME B31.3 2012 ED. as supported by the attached data which identifies the dimensions, material of construction, pressure/temperature ratings and the basis for such ratings, the marking of the fitting for identification and service.

I further declare that the manufacture of these fittings is controlled by a quality system meeting the requirements of ISO 9001:2008 which has been verified by the following authority, DQS GmbH.

The items covered by this declaration, for which I seek registration, are category F type fittings. In support of this application, the following information and/or test data are attached as follows:

Test reports and drawings for sensor families LM (level), PG, PI & PM (pressure) and SA, SB, SI, SM & SV (flow)

(drawings, calculations, test reports, etc.)

Declared before me at 1100 Atwater Dr. in the State of PA

the 4th day of May AD 20 17.

Hello BPV Engineering,

The purpose of this application is as follows:

- To add new PI products to the existing CRN 0F20267
- To add SM2130 (identical to the already registered SM2000) to existing CRN 0F20267
- To revise the material used for select SM products as indicated on supporting documents
- To extend the registration of products under 0F20267 to all provinces (currently only an Ontario registration)

Please feel free to contact me should any questions arise, I can be reached at 437-224-6320.

Best regards,

Alyssa Pellicciotta

Re: Application for Design Registration

The design, as detailed in your Design Portal application 0F20267.5ADD2 IFM PROVER GMBH for a Pressure Fitting is registered with the following notes and considerations:

Registered To:	IFM PROVER GMBH
Project Name:	0F20267.5ADD2 IFM PROVER GMBH
Drawing #:	See Scope of Registration Attached (AS NOTED)
Drawing Revision:	N/A

Conditions of Registration:

(1) Fitting Registration Expiry Date: 18-Apr-2028 (2) The registration is valid until the indicated expiry date only if the Manufacturer maintains a valid quality management system approved by an acceptable third-party agency until that date. Should the approval of quality management system lapse before the expiry date indicated above, this registration shall become void.

Reviewer's Notes:

Any additional conditions and considerations from the initial province of registration shall apply to this BC registration.

Full details of this submission including the scope of registration, design conditions, fabrication details, and calculations pertaining to this design are located in the above Admin Number on the Design Portal. For all other enquiries, please contact eim@technicalsaftybc.ca.

Dear Cecylia Garbacz,

Re: Reciprocal CRN Registration in Manitoba

As indicated by the Regulatory Reconciliation and Cooperation Table and the Reconciliation Agreement for the Canadian Registration Number (CRN) for Pressure Equipment, the design reviews conducted and accepted by the Canadian province or territory, or their delegated safety authority, will be mutually recognized in the Province of Manitoba. If a registration is conditionally based on compliance with the notes set by the original issuing Jurisdiction, such compliance shall be applied the same to this Province.

Your submission has been registered, as follows:

File Number:	74-R3482
CRN:	0F20267.54
Scope:	See Scope of Registration Attached (AS NOTED)
Manufacturer:	IFM PROVER GMBH
Expiry Date:	18 April 2028

Along with this letter is the invoice for registration.

In addition, every Pressure Vessel, Boiler, and Heat Exchanger shall be stamped with the registration number and as required by CSA Code B51, a Manufacturer's Data Report (MDR) must be forwarded to this office immediately at the time a unit is shipped to Manitoba. Send your MDR to gasupport@gov.mb.ca. In your subject line, indicate "*Manufacturer's Data Report-CRN No.*" A fee shall be billed to the Manufacturer to process data reports in accordance with the Steam and Pressure Plants Regulation section 17.1.

Please contact gasupport@gov.mb.ca for any questions or concerns.

Re: Application for Design Registration

The design, as detailed in your Design Portal application 0F20267.5ADD3 - IFM PROVER GMBH for a Pressure Fitting is registered with the following notes and considerations:

Registered To:	IFM PROVER GMBH
Project Name:	0F20267.5ADD3 - IFM PROVER GMBH
Drawing #:	Scope of Registration & Factory List for Addendum-See Attached
Drawing Revision:	N/A

Conditions of Registration:

(1) Fitting Registration Expiry Date: 18-Apr-2028 (2) The registration is valid until the indicated expiry date only if the Manufacturer maintains a valid quality management system approved by an acceptable third-party agency until that date. Should the approval of quality management system lapse before the expiry date indicated above, this registration shall become void.

Reviewer's Notes:

Any additional conditions and considerations from the initial province of registration shall apply to this BC registration.

Full details of this submission including the scope of registration, design conditions, fabrication details, and calculations pertaining to this design are located in the above Admin Number on the Design Portal. For all other enquiries, please contact eim@technicalsaftybc.ca.

Dear Cecylia Garbacz,

Re: Reciprocal CRN Registration in Manitoba

As indicated by the Regulatory Reconciliation and Cooperation Table and the Reconciliation Agreement for the Canadian Registration Number (CRN) for Pressure Equipment, the design reviews conducted and accepted by the Canadian province or territory, or their delegated safety authority, will be mutually recognized in the Province of Manitoba. If a registration is conditionally based on compliance with the notes set by the original issuing Jurisdiction, such compliance shall be applied the same to this Province.

Your submission has been registered, as follows:

File Number:	74-R4767
CRN:	0F20267.54
Scope:	Scope of Registration & Factory List for Addendum - See Attached
Manufacturer:	IFM PROVER GMBH
Expiry Date:	18 April 2028

Along with this letter is the invoice for registration.

In addition, every Pressure Vessel, Boiler, and Heat Exchanger shall be stamped with the registration number and as required by CSA Code B51, a Manufacturer's Data Report (MDR) must be forwarded to this office immediately at the time a unit is shipped to Manitoba. Send your MDR to gasupport@gov.mb.ca. In your subject line, indicate "*Manufacturer's Data Report-CRN No.*" A fee shall be billed to the Manufacturer to process data reports in accordance with the Steam and Pressure Plants Regulation section 17.1.

Please contact gasupport@gov.mb.ca for any questions or concerns.

STATUTORY DECLARATION Registration of Fittings

I, Johannes Allgaier - Approval Engineer, Standards, Regulations and Approvals, ifm group services gmbh

(Name and Position, e.g. President, Plant Manager, Chief Engineer)

of ifm prover gmbh

(Name of Manufacturer)

Located at Waldesch 9, 88069 Tettnang, Germany

(Plant Address)

+49 7542 518-2260

(Telephone No.)

(Fax No.)

do solemnly declare that the fittings listed hereunder, which are subject to the **Technical Standards and Safety Act**, Boilers and Pressure Vessels Regulation, comply with all of the requirements of

(Title of recognized North American Standard)

which specifies the dimensions, materials of construction, pressure/temperature ratings, identification marking the fittings and service;

or are not covered by the provisions of a recognized North American standard and are therefore manufactured to comply with ASME B31.3 2022 as supported by the attached data which identifies the dimensions, material of construction, pressure/temperature ratings and the basis for such ratings, the marking of the fitting for identification and service.

I further declare that the manufacture of these fittings is controlled by a quality system meeting the requirements of ISO 9001 : 2015 which has been verified by the following authority, DQS GmbH

The items covered by this declaration, for which I seek registration, are category F type fittings. In support of this application, the following information and/or test data are attached as follows:

Scope of Registration, Drawings, Test Reports or Calculations, material specifications

(drawings, calculations, test reports, etc.)

Declared before me at Tettnang in the state of Baden-Württemberg

the 20 day of March AD 2024

Commissioner for Oaths:

Alfred Bohner

(Printed name)

Notar Alfred Bohner

(Signature)

Schlossstraße 1

88069 Tettnang

T 07542/ 5598030

J. Allgaier

(Signature of Declarer)

FOR OFFICE USE ONLY

To the best of my knowledge and belief, the application meets the requirements of the **Technical Standards and Safety Act**, Boilers and Pressure Vessels Regulation, and CSA Standard B51 and is accepted for registration in Category _____.
