QM9103

**On-premises SmartLimitWatcher licence for AI-based condition monitoring of multiple process values**

moneo DataScience Starter LIC

Application	
Application	extended licence for moneo for AI-based dynamic condition monitoring of simple and complex industrial installations, machines, components and manufacturing processes
Configuration	dynamic warning and alarm thresholds are set automatically and can be customised
	health indicators can be activated to identify unknown machine conditions
	provision of filter methods to separate insignificant notifications from actual status changes
Compatibility	compatible with all data available in moneo
Data management	automatic replacement of missing values
	option to configure customised transformation rules
	time resolution of the time interval to be monitored can be set
Monitoring	permanent monitoring of target variables by means of calculating dynamic expectation ranges
	automated ticket creation when dynamic thresholds are reached

QM9103

On-premises SmartLimitWatcher licence for AI-based
condition monitoring of multiple process values

moneo DataScience Starter LIC

User interface	5-step wizard for simple no-code configuration of dynamic warning and alarm thresholds
	live display of the sensor values and the dynamic warning and alarm thresholds

Software / programming	
Language	German; English; French; Italian; Spanish; Portuguese; Chinese; Japanese; Korean; Polish
Data carrier	download
Type of licence	single licence
Licence class	on-premises full version

System requirements	
Min. CPU cycle	2,3 GHz
Min. number of CPU cores	4
Min. RAM	8
Min. graphic resolution	1920 x 1080
Required device interface	USB; LAN Adapter - RJ45
Network card	Ethernet 1 Gbit
Network protocol	Ethernet TCP/IP
Operating system	Microsoft Windows 10 64 Bit; Microsoft Windows Server 2016; Microsoft Windows Server 2019; Microsoft Windows Server 20H2
Web browser	Google Chrome; Mozilla Firefox; (supported versions: see current release notes)
Additionally required software	moneo software download: QM9102 or QM9112
