

Licence for the advanced vibration analysis add-on -  
AVA

moneo RTM-AVA raw data LIC

introductory offer:  
Benefit from the introductory offer for unlimited recording of vibration raw data.  
Buy once - unlimited use.

# moneo | RTM AVA Toolbox

Application	
Application	moneo RTM add-on for extended vibration monitoring on machines and installations Condition monitoring through standardised thresholds and raw data recording
Configuration	Selection of machine parameters for monitoring on pumps, fans and compressors Standardised thresholds according to DIN ISO standard Triggering raw data recording in the event of damage based on threshold-based rules Additional raw data recording according to user-defined, time-based settings Deactivation of thresholds and rules in case of maintenance

# QMR050

## Licence for the advanced vibration analysis add-on - AVA

moneo RTM-AVA raw data LIC

Connectivity	Raw data recording for ifm IO-Link sensors type VVB and ifm diagnostic electronics type VSE
Data management	Thresholds according to DIN ISO standard for ifm IO-Link sensors type VVB Download of the raw data in the file formats CSV, JSON and BIN Maximum storage capacity of 500 raw data recordings When the storage capacity has been reached, the oldest raw data recordings are automatically overwritten
Monitoring	Automated ticket creation when the threshold according to DIN ISO standard has been reached
User interface	Wizard for setting up thresholds and raw data recording visualisation of vibration data in the time and frequency range
Analysis	analysis of specific frequencies for advanced vibration diagnostics
<b>Software / programming</b>	
Language	German; English; French; Italian; Spanish; Portuguese; Chinese; Japanese; Korean; Russian
Data carrier	download
Type of licence	single licence
Licence class	full version
<b>System requirements</b>	
Additionally required software	moneo software download moneo OS license moneo RTM license moneo edgeConnect AL moneo infopoints
<b>Remarks</b>	
Notes	introductory offer;; Benefit from the introductory offer for unlimited recording of vibration raw data.; Buy once - unlimited use.
