ZC0061

Factory calibration certificate for infrared temperature sensors

Werkskalibrierschein für Infrarot-Temp. Werkskalibrierschein ifm electronic Factory calibration certificate Messumformer-Typ: 1000 Auftragsnummer: -Referenzgerät: Serien-Nr.: reference unit: Messbereich: 3.80075 Prüfnormal, Temperatur: temperature range testing device, temperature: 1.000 Serien-Nr.: Ausgangssignal: serial no.: Genauigkeit: PTB-Zertifikat: PTB certificate Kalibrierdatum: Umgebungstemperatur: date of calibration: the person grade

Mechanical data		
Weight	[9]	20.8
Remarks		
Remarks		The calibration certificate must be ordered in conjunction with a sensor.
	-	The corresponding sensor is delivered along with the calibration certificate.
		The calibration certificate is in two languages (German/English).
	-	A subsequent order is possible by indicating the serial number.
	-	The certificate is issued the day of the calibration with retrospective effect.
		In the internet version of the data sheet a sample certificate is stored in the tab "Downloads".
