

## Tilpasningsenhet for flowsensorer

ADAPTION SHEET WELDED M18

## Applikasjon

|        |                                                                                   |
|--------|-----------------------------------------------------------------------------------|
| Medier | væsker og gasser i fluidgruppe 2 i henhold til Pressure Equipment Directive (PED) |
|--------|-----------------------------------------------------------------------------------|

## Mekaniske data

|                   |                                                               |       |
|-------------------|---------------------------------------------------------------|-------|
| Vekt              | [g]                                                           | 97,50 |
| Materialer        | rustfritt stål (1.4404 / 316L); rustfritt stål (1,4435/ 316L) |       |
| Sensor tilkobling | M18 x 1,5                                                     |       |

## Merknader

|                     |           |
|---------------------|-----------|
| Antall i forpakning | 1,00 stk. |
|---------------------|-----------|
