

Magnetic mount for vibration sensors

MAGNETIC MOUNT M5 FOR VIBRATION SYSTEMS

Application

Design

for efector octavis

Operating conditions

Ambient temperature

[°C]

-40...80

Mechanical data

Weight

[g]

161.1

Materials

magnet: neodymium nickel-plated; pole pieces: steel galvanised

Sensor connection

M5 internal thread

Pull strength

[N]

390

Remarks

Pack quantity

1 pcs.
