

# E40164

## Process adapter for small volumetric flow quantities

ADAPTBLOCK D27 G1

| Application           |                                                                                      |
|-----------------------|--------------------------------------------------------------------------------------|
| Design                | for flow sensors SID, SF5                                                            |
| Flow range [l/min]    | 2...20; ((SI1xxx); 2...25 (SI5xxx); factory setting with water)                      |
| Application           | for industrial applications                                                          |
| Media                 | liquids and gases                                                                    |
| Pressure rating [bar] | 300                                                                                  |
| Mechanical data       |                                                                                      |
| Weight [g]            | 1512.5                                                                               |
| Materials             | stainless steel (1.4404 / 316L)                                                      |
| Sensor connection     | M18 x 1,5                                                                            |
| Process connection    | G 1                                                                                  |
| Аксессуары            |                                                                                      |
| Items supplied        | Adapter: 1 x G1/4 BSPP, E40099<br>sealings: 1, U-seal                                |
| Remarks               |                                                                                      |
| Remarks               | Може використовуватися лише в поєднанні з відповідним режимом роботи датчика потоку. |
| Pack quantity         | 1 pcs.                                                                               |
