## Pressure sensor with display

PN-250-SE MFRKG/US/ /

- 1 LEDs Display unit switching status  
2 analogue display, 4-digit alphanumeric display  
3 programming button

EC 1935/2004

### Product characteristics

|                              |   |              |
|------------------------------|---|--------------|
| Number of inputs and outputs | Number of digital outputs: 2; Number of analogue outputs: 1 |              |
| Measuring range              | 0...250 bar   | 0...3625 psi |
| Measuring range [MPa]        |   | 0...25       |
| Process connection           | homogeniser connection                                      |              |

### Application

|                              |   |           |
|------------------------------|---|-----------|
| Special feature              | Gold-plated contacts  |           |
| Measuring element            | diaphragm seal  |           |
| Application                  | flush mountable for the food and beverage industry            |           |
| Media                        | liquids and gases   |           |
| Medium temperature [°C]      | 5...90; (for further details see section Diagrams and graphs) |           |
| Min. bursting pressure       | 1000 bar  | 14500 psi |
| Min. bursting pressure [MPa] |   | 100       |
| Pressure rating              | 500 bar   | 7250 psi  |
| Pressure rating [MPa]        |   | 50        |
| Vacuum resistance [mbar]     |   | -1000     |

## Pressure sensor with display

PN-250-SE MFRKG/US/ /

| Type of pressure                                     | relative pressure   |
|--|---|
| <b>Electrical data</b>                               |   |
| Operating voltage [V]                                | 18...30 DC; (to SELV/PELV)                                  |
| Current consumption [mA]                             | < 35  |
| Min. insulation resistance [ $M\Omega$ ]             | 100; (500 V DC)   |
| Protection class                                     | III   |
| Reverse polarity protection                          | yes   |
| Power-on delay time [s]                              | 0.3   |
| Integrated watchdog                                  | yes   |
| <b>Inputs / outputs</b>                              |   |
| Number of inputs and outputs                         | Number of digital outputs: 2; Number of analogue outputs: 1 |
| <b>Outputs</b>                                       |   |
| Total number of outputs                              | 2   |
| Output signal  | switching signal; analogue signal; IO-Link; (configurable)  |
| Electrical design                                    | PNP/NPN   |
| Number of digital outputs                            | 2   |
| Output function                                      | normally open / normally closed; (parameterisable)          |
| Max. voltage drop switching output DC [V]            | 2   |
| Permanent current rating of switching output DC [mA] | 250   |
| Switching frequency DC [Hz]                          | < 500   |
| Number of analogue outputs                           | 1   |
| Analogue current output [mA]                         | 4...20; (scalable 1:5)                                      |
| Max. load [ $\Omega$ ]                               | 500   |
| Analogue voltage output [V]                          | 0...10; (scalable 1:5)                                      |
| Min. load resistance [ $\Omega$ ]                    | 2000  |
| Short-circuit protection                             | yes   |
| Type of short-circuit protection                     | pulsed  |
| Overload protection                                  | yes   |
| <b>Measuring/setting range</b>                       |   |
| Measuring range                                      | 0...250 bar   0...3625 psi                                  |
| Measuring range [MPa]                                | 0...25  |
| Set point SP   | 1.5...250 bar   25...3625 psi                               |
| Set point SP [MPa]                                   | 0.15...25   |
| Reset point rP                                       | 0.5...249 bar   10...3610 psi                               |
| Reset point rP [MPa]                                 | 0.05...24.9   |
| Analogue start point                                 | 0...200 bar   0...2900 psi                                  |
| Analogue start point [MPa]                           | 0...20  |
| Analogue end point                                   | 50...250 bar   725...3625 psi                               |
| Analogue end point [MPa]                             | 5...25  |
| In steps of  | 0.5 bar   5 psi   |
| In steps of [MPa]                                    | 0.05  |
