# SF2405

### Flow sensor for connection to an evaluation unit

| Product characteristics       |         |                                 |
|-------------------------------|---------|---------------------------------|
| Probe length L                | [mm]    | 12                              |
| Process connection            |         | G 1/4 external thread           |
| Application                   |         |                                 |
| Media                         |         | Liquids; aggressive media       |
| Medium temperature            | [°C]    | 570                             |
| Pressure rating               | [bar]   | 30                              |
| Liquids                       |         |                                 |
| Medium temperature            | [°C]    | 570                             |
| Electrical data               |         |                                 |
| Connection to control monitor |         | VS3000                          |
| Measuring/setting rang        | е       |                                 |
| Probe length L                | [mm]    | 12                              |
| Liquids                       |         |                                 |
| Setting range                 | [cm/s]  | 360                             |
| Greatest sensitivity          | [cm/s]  | 340                             |
| Accuracy / deviations         |         |                                 |
| Temperature gradient          | [K/min] | 7                               |
| Response times                |         |                                 |
| Response time                 | [s]     | 220                             |
| Liquids                       |         |                                 |
| Response time                 | [s]     | 220                             |
| Operating conditions          |         |                                 |
| Protection                    |         | IP 67                           |
| Tests / approvals             |         |                                 |
| Shock resistance              |         | DIN IEC 68-2-27 40 g (11 ms)    |
| Vibration resistance          |         | DIN IEC 68-2-6 10 g (552000 Hz) |
| MTTF                          | [ANN]   | 8648                            |
| Mechanical data               |         |                                 |
| Weight                        | [g]     | 41.5                            |

## SF2405

#### Flow sensor for connection to an evaluation unit

SFR14XBK/US-100

| Housing                     | threaded type           |
|-----------------------------|-------------------------|
| Materials                   | ceramics (99.7 % Al2O3) |
| Materials (wetted parts)    | ceramics (99.7 % Al2O3) |
| Process connection          | G 1/4 external thread   |
| Installation length EL [mm] | 27                      |

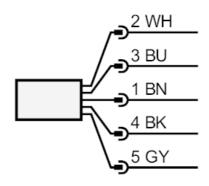

| Аксесуари      |   |
|----------------|---|
| Items supplied | sealings: 1, PTFE                                 |
| Remarks        |   |
| Remarks        | For sealing use the supplied PTFE packing washer. |
| Pack quantity  | 1 pcs.  |

### Electrical connection

Connector: 1 x M12; coding: A; Maximum cable length: 100 m

#### Connection

Core colours :

BN = brown

BU = blue

BK = black

WH = white

GY = grey
