

# E1104S

## Magnetically coded target

DEFINED TARGET MN5xxS

| Application       |                         |
|-------------------|-------------------------|
| Installation      | for magnetic sensor MN5 |
| Mechanical data   |                         |
| Weight            | [g] 81                  |
| Dimensions        | [mm] 88 x 13.1 x 25     |
| Material          | PA                      |
| Tightening torque | [Nm] 0.8...2            |
| Remarks           |                         |
| Pack quantity     | 1 pcs.                  |
