# EC2114

Programming cable set for CAN interface

R360/CABLE/CANfox-Basic

1   Programming cable for BasicController
2   Programming cable for BasicDisplay

| Application	
Design	for BasicController and BasicDisplay, not suitable for:, CR0431
Mechanical data	
Weight [g]	144.3
Remarks	
Pack quantity	1 pcs.

EC2114

Programming cable set for CAN interface

R360/CABLE/CANfox-Basic

Electrical connection

Cable: 1 m, PVC, grey

Connection

① Programming cable for BasicController

② Programming cable for BasicDisplay

BN brown
BU blue

Electrical connection - BasicController 1

Connector: DIN connector
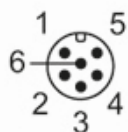

EC2114

## Programming cable set for CAN interface

R360/CABLE/CANfox-Basic

Electrical connection - BasicController 2

Connector: Standard timer contact housing

Electrical connection - BasicDisplay 1

Connector: M12; coding: A

Electrical connection - BasicDisplay 2

Connector: DIN connector
